## **General Questions**

Practice Questions

---

**Q1. Which of the following is NOT a characteristic of r-selected species? (2019)**

- A. High fecundity
- B. Short lifespan
- C. Low parental investment
- D. Long gestation period

*Solution: R-selected species are characterized by high fecundity and short lifespans, not long gestation periods.*

**Q2. Which of the following terms describes the maximum population size that an environment can sustain? (2018)**

- A. Carrying capacity
- B. Biotic potential
- C. Population density
- D. Ecological footprint

*Solution: Carrying capacity is the maximum number of individuals of a species that an environment can support sustainably.*
